* Our technician can run a PowerPoint slide show or video. You provide the show we will run it during your rehearsal and ceremony.

** One camera will record your ceremony from a center position. This raw tape will be edited to include a static slide at the beginning and end of the tape.

*** Two camera will record your ceremony from positions center and stage left of sound booth. During the ceremony, a trained operator will switch between cameras, after the ceremony the raw tape will be edited to include a static slide at the beginning and end of the tape.
